

**1. Scope of Enterprise Architecture**

This section governs Schedule 1 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 1.

## **2. Operational Schedule and Service Standards Part 2**

This section governs Schedule 2 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 2.

**3. Operational Schedule and Service Standards Part 3**

This section governs Schedule 3 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 3.

#### **4. Operational Schedule and Service Standards Part 4**

This section governs Schedule 4 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 4.

## **5. Operational Schedule and Service Standards Part 5**

This section governs Schedule 5 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 5.

## **6. Operational Schedule and Service Standards Part 6**

This section governs Schedule 6 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 6.

## **7. Operational Schedule and Service Standards Part 7**

This section governs Schedule 7 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 7.

## **8. Operational Schedule and Service Standards Part 8**

This section governs Schedule 8 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 8.

## **9. Operational Schedule and Service Standards Part 9**

This section governs Schedule 9 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 9.

## **10. Operational Schedule and Service Standards Part 10**

This section governs Schedule 10 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 10.

## **11. Operational Schedule and Service Standards Part 11**

This section governs Schedule 11 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 11.

## **12. Operational Schedule and Service Standards Part 12**

This section governs Schedule 12 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 12.

### **13. Operational Schedule and Service Standards Part 13**

This section governs Schedule 13 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 13.

#### **14. Limitation of Liability and Risk Allocation**

The aggregate liability of either party under this 150-page Master Agreement shall not exceed AED 5,000,000. Under no circumstances shall either party be liable for incidental, special, punitive, or consequential damages.

## **15. Operational Schedule and Service Standards Part 15**

This section governs Schedule 15 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 15.

## **16. Operational Schedule and Service Standards Part 16**

This section governs Schedule 16 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 16.

## **17. Operational Schedule and Service Standards Part 17**

This section governs Schedule 17 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 17.

## **18. Operational Schedule and Service Standards Part 18**

This section governs Schedule 18 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 18.

## **19. Operational Schedule and Service Standards Part 19**

This section governs Schedule 19 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 19.

## **20. Operational Schedule and Service Standards Part 20**

This section governs Schedule 20 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 20.

## **21. Operational Schedule and Service Standards Part 21**

This section governs Schedule 21 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 21.

## **22. Operational Schedule and Service Standards Part 22**

This section governs Schedule 22 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 22.

## **23. Operational Schedule and Service Standards Part 23**

This section governs Schedule 23 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 23.

## **24. Operational Schedule and Service Standards Part 24**

This section governs Schedule 24 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 24.

**25. Operational Schedule and Service Standards Part 25**

This section governs Schedule 25 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 25.

## **26. Operational Schedule and Service Standards Part 26**

This section governs Schedule 26 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 26.

## **27. Operational Schedule and Service Standards Part 27**

This section governs Schedule 27 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 27.

## **28. Operational Schedule and Service Standards Part 28**

This section governs Schedule 28 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 28.

## **29. Operational Schedule and Service Standards Part 29**

This section governs Schedule 29 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 29.

**30. Operational Schedule and Service Standards Part 30**

This section governs Schedule 30 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 30.

### **31. Operational Schedule and Service Standards Part 31**

This section governs Schedule 31 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 31.

## **32. Operational Schedule and Service Standards Part 32**

This section governs Schedule 32 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 32.

### **33. Operational Schedule and Service Standards Part 33**

This section governs Schedule 33 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 33.

### **34. Operational Schedule and Service Standards Part 34**

This section governs Schedule 34 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 34.

### **35. Operational Schedule and Service Standards Part 35**

This section governs Schedule 35 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 35.

### **36. Operational Schedule and Service Standards Part 36**

This section governs Schedule 36 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 36.

### **37. Operational Schedule and Service Standards Part 37**

This section governs Schedule 37 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 37.

### **38. Operational Schedule and Service Standards Part 38**

This section governs Schedule 38 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 38.

### **39. Operational Schedule and Service Standards Part 39**

This section governs Schedule 39 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 39.

#### **40. Operational Schedule and Service Standards Part 40**

This section governs Schedule 40 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 40.

#### **41. Operational Schedule and Service Standards Part 41**

This section governs Schedule 41 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 41.

## **42. Intellectual Property Rights and Indemnities**

This section governs Schedule 42 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 42.

#### **43. Operational Schedule and Service Standards Part 43**

This section governs Schedule 43 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 43.

#### **44. Operational Schedule and Service Standards Part 44**

This section governs Schedule 44 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 44.

**45. Operational Schedule and Service Standards Part 45**

This section governs Schedule 45 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 45.

#### **46. Operational Schedule and Service Standards Part 46**

This section governs Schedule 46 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 46.

#### **47. Operational Schedule and Service Standards Part 47**

This section governs Schedule 47 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 47.

#### **48. Operational Schedule and Service Standards Part 48**

This section governs Schedule 48 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 48.

#### **49. Operational Schedule and Service Standards Part 49**

This section governs Schedule 49 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 49.

**50. Operational Schedule and Service Standards Part 50**

This section governs Schedule 50 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 50.

## **51. Operational Schedule and Service Standards Part 51**

This section governs Schedule 51 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 51.

## **52. Operational Schedule and Service Standards Part 52**

This section governs Schedule 52 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 52.

## **53. Operational Schedule and Service Standards Part 53**

This section governs Schedule 53 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 53.

## **54. Operational Schedule and Service Standards Part 54**

This section governs Schedule 54 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 54.

## **55. Operational Schedule and Service Standards Part 55**

This section governs Schedule 55 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 55.

## **56. Operational Schedule and Service Standards Part 56**

This section governs Schedule 56 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 56.

**57. Operational Schedule and Service Standards Part 57**

This section governs Schedule 57 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 57.

## **58. Operational Schedule and Service Standards Part 58**

This section governs Schedule 58 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 58.

## **59. Operational Schedule and Service Standards Part 59**

This section governs Schedule 59 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 59.

**60. Operational Schedule and Service Standards Part 60**

This section governs Schedule 60 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 60.

## **61. Operational Schedule and Service Standards Part 61**

This section governs Schedule 61 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 61.

## **62. Operational Schedule and Service Standards Part 62**

This section governs Schedule 62 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 62.

## **63. Operational Schedule and Service Standards Part 63**

This section governs Schedule 63 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 63.

## **64. Operational Schedule and Service Standards Part 64**

This section governs Schedule 64 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 64.

## **65. Operational Schedule and Service Standards Part 65**

This section governs Schedule 65 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 65.

## **66. Operational Schedule and Service Standards Part 66**

This section governs Schedule 66 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 66.

## **67. Operational Schedule and Service Standards Part 67**

This section governs Schedule 67 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 67.

**68. Operational Schedule and Service Standards Part 68**

This section governs Schedule 68 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 68.

## **69. Operational Schedule and Service Standards Part 69**

This section governs Schedule 69 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 69.

## **70. Operational Schedule and Service Standards Part 70**

This section governs Schedule 70 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 70.

## **71. Operational Schedule and Service Standards Part 71**

This section governs Schedule 71 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 71.

## **72. Operational Schedule and Service Standards Part 72**

This section governs Schedule 72 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 72.

### **73. Operational Schedule and Service Standards Part 73**

This section governs Schedule 73 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 73.

**74. Operational Schedule and Service Standards Part 74**

This section governs Schedule 74 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 74.

**75. Operational Schedule and Service Standards Part 75**

This section governs Schedule 75 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 75.

## **76. Operational Schedule and Service Standards Part 76**

This section governs Schedule 76 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 76.

## **77. Operational Schedule and Service Standards Part 77**

This section governs Schedule 77 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 77.

## **78. Operational Schedule and Service Standards Part 78**

This section governs Schedule 78 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 78.

## **79. Operational Schedule and Service Standards Part 79**

This section governs Schedule 79 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 79.

## **80. Operational Schedule and Service Standards Part 80**

This section governs Schedule 80 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 80.

## **81. Operational Schedule and Service Standards Part 81**

This section governs Schedule 81 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 81.

## **82. Operational Schedule and Service Standards Part 82**

This section governs Schedule 82 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 82.

### **83. Operational Schedule and Service Standards Part 83**

This section governs Schedule 83 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 83.

## **84. Operational Schedule and Service Standards Part 84**

This section governs Schedule 84 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 84.

## **85. Operational Schedule and Service Standards Part 85**

This section governs Schedule 85 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 85.

**86. Operational Schedule and Service Standards Part 86**

This section governs Schedule 86 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 86.

## **87. Operational Schedule and Service Standards Part 87**

This section governs Schedule 87 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 87.

## **88. Operational Schedule and Service Standards Part 88**

This section governs Schedule 88 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 88.

**89. Operational Schedule and Service Standards Part 89**

This section governs Schedule 89 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 89.

**90. Operational Schedule and Service Standards Part 90**

This section governs Schedule 90 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 90.

## **91. Operational Schedule and Service Standards Part 91**

This section governs Schedule 91 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 91.

## **92. Operational Schedule and Service Standards Part 92**

This section governs Schedule 92 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 92.

### **93. Operational Schedule and Service Standards Part 93**

This section governs Schedule 93 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 93.

## **94. Operational Schedule and Service Standards Part 94**

This section governs Schedule 94 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 94.

## **95. Operational Schedule and Service Standards Part 95**

This section governs Schedule 95 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 95.

## **96. Operational Schedule and Service Standards Part 96**

This section governs Schedule 96 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 96.

## **97. Operational Schedule and Service Standards Part 97**

This section governs Schedule 97 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 97.

**98. Operational Schedule and Service Standards Part 98**

This section governs Schedule 98 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 98.

## **99. Security Compliance and Regulatory Audits**

This section governs Schedule 99 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 99.

**100. Operational Schedule and Service Standards Part 100**

This section governs Schedule 100 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 100.

**101. Operational Schedule and Service Standards Part 101**

This section governs Schedule 101 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 101.

## **102. Operational Schedule and Service Standards Part 102**

This section governs Schedule 102 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 102.

**103. Operational Schedule and Service Standards Part 103**

This section governs Schedule 103 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 103.

## **104. Operational Schedule and Service Standards Part 104**

This section governs Schedule 104 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 104.

**105. Operational Schedule and Service Standards Part 105**

This section governs Schedule 105 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 105.

**106. Operational Schedule and Service Standards Part 106**

This section governs Schedule 106 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 106.

**107. Operational Schedule and Service Standards Part 107**

This section governs Schedule 107 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 107.

**108. Operational Schedule and Service Standards Part 108**

This section governs Schedule 108 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 108.

**109. Operational Schedule and Service Standards Part 109**

This section governs Schedule 109 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 109.

**110. Operational Schedule and Service Standards Part 110**

This section governs Schedule 110 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 110.

**111. Operational Schedule and Service Standards Part 111**

This section governs Schedule 111 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 111.

## **112. Operational Schedule and Service Standards Part 112**

This section governs Schedule 112 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 112.

### **113. Operational Schedule and Service Standards Part 113**

This section governs Schedule 113 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 113.

## **114. Operational Schedule and Service Standards Part 114**

This section governs Schedule 114 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 114.

**115. Operational Schedule and Service Standards Part 115**

This section governs Schedule 115 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 115.

## **116. Operational Schedule and Service Standards Part 116**

This section governs Schedule 116 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 116.

**117. Operational Schedule and Service Standards Part 117**

This section governs Schedule 117 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 117.

## **118. Operational Schedule and Service Standards Part 118**

This section governs Schedule 118 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 118.

## **119. Operational Schedule and Service Standards Part 119**

This section governs Schedule 119 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 119.

**120. Operational Schedule and Service Standards Part 120**

This section governs Schedule 120 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 120.

**121. Operational Schedule and Service Standards Part 121**

This section governs Schedule 121 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 121.

**122. Operational Schedule and Service Standards Part 122**

This section governs Schedule 122 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 122.

**123. Operational Schedule and Service Standards Part 123**

This section governs Schedule 123 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 123.

**124. Operational Schedule and Service Standards Part 124**

This section governs Schedule 124 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 124.

**125. Operational Schedule and Service Standards Part 125**

This section governs Schedule 125 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 125.

**126. Operational Schedule and Service Standards Part 126**

This section governs Schedule 126 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 126.

**127. Operational Schedule and Service Standards Part 127**

This section governs Schedule 127 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 127.

**128. Operational Schedule and Service Standards Part 128**

This section governs Schedule 128 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 128.

**129. Operational Schedule and Service Standards Part 129**

This section governs Schedule 129 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 129.

## **130. Operational Schedule and Service Standards Part 130**

This section governs Schedule 130 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 130.

**131. Operational Schedule and Service Standards Part 131**

This section governs Schedule 131 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 131.

## **132. Operational Schedule and Service Standards Part 132**

This section governs Schedule 132 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 132.

**133. Operational Schedule and Service Standards Part 133**

This section governs Schedule 133 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 133.

**134. Operational Schedule and Service Standards Part 134**

This section governs Schedule 134 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 134.

**135. Operational Schedule and Service Standards Part 135**

This section governs Schedule 135 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 135.

**136. Operational Schedule and Service Standards Part 136**

This section governs Schedule 136 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 136.

**137. Operational Schedule and Service Standards Part 137**

This section governs Schedule 137 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 137.

**138. Operational Schedule and Service Standards Part 138**

This section governs Schedule 138 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 138.

### **139. Operational Schedule and Service Standards Part 139**

This section governs Schedule 139 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 139.

**140. Operational Schedule and Service Standards Part 140**

This section governs Schedule 140 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 140.

**141. Operational Schedule and Service Standards Part 141**

This section governs Schedule 141 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 141.

## **142. Operational Schedule and Service Standards Part 142**

This section governs Schedule 142 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 142.

### **143. Operational Schedule and Service Standards Part 143**

This section governs Schedule 143 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 143.

**144. Operational Schedule and Service Standards Part 144**

This section governs Schedule 144 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 144.

**145. Operational Schedule and Service Standards Part 145**

This section governs Schedule 145 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 145.

**146. Operational Schedule and Service Standards Part 146**

This section governs Schedule 146 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 146.

**147. Operational Schedule and Service Standards Part 147**

This section governs Schedule 147 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 147.

**148. Operational Schedule and Service Standards Part 148**

This section governs Schedule 148 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 148.

**149. Operational Schedule and Service Standards Part 149**

This section governs Schedule 149 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 149.

## **150. Execution, Counterparts and Signatures**

This section governs Schedule 150 provisions, operating procedures, service level commitments, and performance metrics as mutually agreed between the enterprise parties for operational compliance under Page 150.
